Dolbey Fusion

Fusion CAC has an impact throughout the revenue cycle because it brings together applications for computer-assisted coding (CAC), computer-assisted clinical documentation improvement (CDI) and auditing into a single solution.

Coding Consulting and Training Service

- IDESS, a leading provider of innovative healthcare technology solutions, is proud to announce a strategic partnership with Leslie Padin, the founder of Infinity HIM Consulting based in Puerto Rico. This collaboration marks a significant step forward in IDESS's commitment to delivering cutting-edge solutions to the healthcare industry in Puerto Rico, in support of the Quadruple AIM. Additionally, Infinity HIM Consulting is responsible for educating coders in hospital institutions in Puerto Rico, ensuring they stay abreast of the latest developments and best practices.

Strategic Partnership

"I am excited about the partnership with IDESS and teaming up to tackle the biggest challenges in revenue cycle management through the delivery of training and our team of coding experts," says Leslie Padin, founder of Infinity HIM Consulting.
